

Data sheet

PACK MOBILE MINI is an easy detachable lifter with vacuum, to hold the burden and electrical chain hoist to lift and lower.

- The two-joint arm makes it possible also to operate in narrow areas.
- The chain hoist has a precise and ergonomic movement.
- Quick coupler for replacement of tools.
- Auto stop to extend working time
- Low power consumption. With integrated battery package up to 8 hrs operation time.
- With its width of 80 cm, it has easy access to places where a Stacker can drive.

PART NUMBER	DESCRIPTION
100.280-100.286	PACK MOBILE MINI 24v SWL 50 kg. with hoist and vacuum pump. Incl. batteries and charger. Capacity depends of suction cup size.
